SUBJECT: Disaster Relief Payments

NUMBER: 2

In accordance with past practice, Comptroller Hynes has directed IOC staff to prioritize all grants, contractual agreements, payments and transfers associated with disaster relief or state efforts to assist those areas impacted by recent flood activity in Illinois.

Please ensure that all such transactions submitted to our office are identified in a separate letter to assist the IOC in expediting payments to affected entities as quickly as possible. For detailed instructions on the content of the letter, please contact Ellen Curtin at (217)782-7078.

Your cooperation and assistance is appreciated.
