SUBJECT: State Retirement Contributions

Senate Bill 177 reduces fiscal year 1983 appropriations for state retirement contributions payable from the General Revenue Fund. Agencies should review Senate Bill 177 prior to submitting any vouchers authorizing payment for state contributions to retirement to determine if the reduced appropriation is sufficient to allow the voucher to be processed.

In order to ensure compliance with the provisions of the Senate Bill 177 and to expedite payroll processing, the Office of the Comptroller will no longer write warrants from payroll vouchers for FY 1983 state retirement contributions payable from the General Revenue Fund. For the remainder of FY 1983, any such retirement contributions must be submitted on C-13 vouchers, payable to the appropriate retirement system.

After May 4, 1983, this office will no longer accept payroll vouchers and/or tapes, which authorize a state contribution to retirement from the General Revenue Fund. For any payroll vouchers received by this office prior to May 4, 1983, which contain a state retirement contribution payable from the General Revenue Fund, a letter authorizing elimination of state retirement contributions from the voucher will be required. This letter must be signed by a person authorized to affix the agency head's signature and must identify the specific payroll vouchers by pay period.

If you have any questions regarding this bulletin, please contact Joe DiRocco at 782-3608, or Dan Steven at 782-4758. Questions regarding reduced appropriations should be directed to Carol Sommer at 782-8084.

Sincerely,
