PAYROLL BULLETIN
(1-95)

TO: All State Agencies, Departments, Boards, Commissions
and Universities

SUBJECT: Federal Withholding Tax Tables - 1995

We have discovered an error on page 16 of the 1995 federal withholding tax tables attached to Payroll Bulletin 5-94 dated December 7, 1994. The withholding amounts for semi-monthly salaries of \$1,795 through \$2,079 are overstated by approximately \$70. The tables for the percentage method of withholding, page 33, are correct.

Please replace page 16 with the corrected page attached. If you have any questions regarding the tax tables, please contact Dan Steven or Nancy Smith at (217) 782-4758.
