

ILLINOIS OFFICE OF COMPTROLLER

SUSANA A. MENDOZA
COMPTROLLER

The IOC is targeting July 6th as the go-live date for the new, modernized SAMS system.

To ensure you can access a secure and stable connection to SAMS, **all users will be required to verify their connections to the new environment.** Users that cannot connect will need to establish a VPN connection. This is mandatory for accessing both the training environment and the new SAMS application after the go-live date.

Actions for You

1. Verify your connection by clicking on each of the two (2) links below to determine if the login page is accessible. If you get an error message, you need a VPN. If you see a view like the screenshot below*, you do not need a VPN.

- SAMS Adv4 Production environment:
<https://ilioc.hostams.com>
- SAMS Adv4 Training environment:
<https://ilioc-sh2.hostams.com>

**Actual login to the application is not necessary at this time.*

2. If you are unable to see the login screen using either of the links above, please email the IOC Helpdesk at IOCHelpDesk@IllinoisComptroller.gov including "SMOD VPN Access Request" in the subject line.

We urge you to begin this process as soon as possible to avoid missed training (scheduled to begin May 27, 2026) or disruption in SAMS access starting July 6, 2026. Thank you for your cooperation as we work to ensure a smooth transition to modernized SAMS.

Thank you,

SAMS Modernization Leadership Team
