  - According to GASB Statement No 34, paragraph 112(a)(1) "... Interfund loans should be reported as interfund receivables in lender funds and interfund payables in borrower funds. This activity should not be reported as other financing sources or uses in the fund financial statements."
  - For those funds that are able to accrue interest on the borrowings, the IOC will obtain amounts from the Treasurer's Office at year end and will determine if entries will be recorded, based on materiality.
  - The IOC will send out a memo subsequent to year end with the required journal entries to report accurately interfund borrowings (if applicable).

Those amounts *should not* be recognized as revenue in the fund initially receiving them; however, those inflows should be recognized as revenue in the special revenue fund in which they will be expended...” (emphasis added)
  - No revenue/transfer out will be recorded in providing fund.
  - Receiving fund will record revenue, rather than a transfer-in.

117

117

## Interfund Transactions

- **Other notes**
  - Cash basis SAMS mandatory transfers are automatically populated by the Comptroller’s Office, and have been adjusted for held transactions, to reflect the true cash basis transfers.
  - Agencies should record a “due amount” at year end that includes the amount of held transfers.
  - Vouchered activity entered on the agency activity tab should be entered on the cash basis as well, meaning that held vouchers should be shown as an accrual at year end.
  - For transactions that cross-over year end, transactions should be recorded by both the providing fund and the receiving fund as of the Warrant date.
