  - There were a significant number of interfund borrowings in FY15, which will not be paid back as of June 30, 2016.
  - For those funds that are able to accrue interest on the borrowings, the IOC will obtain amounts from the Treasurer’s Office at year end, and will determine if entries will be recorded, based on materiality.

Those amounts should not be recognized as revenue in the fund initially receiving them; however, those inflows should be recognized as revenue in the special revenue fund in which they will be expended…” (emphasis added)
  - No revenue/transfer out will be recorded in providing fund.
  - Receiving Fund will record revenue, rather than a transfer in.
Interfund Transactions

- Held Transactions
  - Cash basis SAMS mandatory transfers are automatically populated by the Comptroller’s Office, and have been adjusted for held transactions, to reflect the true cash basis transfers.
  - Agencies should record a “due amount” at year end that includes the amount of held transfers.
  - Vouchered activity entered on the agency activity tab should be entered on the cash basis as well, meaning that held vouchers should be shown as an accrual at year end.
