For more than 30 years, EarthShare has made it easy for people to actively contribute to solutions and programs that protect our natural resources and our quality of life. With your help, we have delivered more than \$370 million to support work that protects our air, land, water, wildlife, and home!

EarthShare Illinois represents America's most respected environmental and conservation charities, whose programs and impact span Illinois and the nation. Whether you want to invest in air quality, clean water, and climate change solutions, or help preserve the land and wildlife in your own backyard, your generosity helps to build a healthier, more sustainable future for all.

We make it easy for you to make a difference. Whether you'd like to support one cause or all, you choose how you'd like to make an impact. You can support an Illinois-based community group, or share your gift with the world by contributing to an international nonprofit partner. You can also support all of our nonprofits with just one gift to EarthShare Illinois. Even \$1 per paycheck can make a difference in the health of everyday resources we count on, from the food we eat and the outdoor places we enjoy with family and friends!
