That is, the provider establishes purpose restrictions and also may establish time requirements. Examples of government-mandated nonexchange transactions include federal programs that state or local governments are mandated to perform, and state programs that local governments are mandated to perform. The principal characteristics of these transactions are (1) a provider government (including the federal government) mandates that a recipient government perform a particular program or facilitate its performance by another government or by a nongovernmental entity (secondary recipient) and (2) fulfillment of certain requirements is essential for a transaction (other than the provision of cash or other assets in advance) to occur.

Governmental Accounting	The composite activity of analyzing recording, summarizing, reporting and interpreting the financial transactions of governmental units and agencies.
Governmental Funds	<p>Those funds through which most governmental functions typically are financed. The acquisition, use and balances of the government's expendable financial resources and the related current liabilities--except those accounted for in proprietary funds--are accounted for through governmental funds. Governmental fund types include general fund, special revenue funds, capital projects funds, debt service funds and permanent funds.</p> <p>The governmental fund measurement focus is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources), rather than upon net income determination.</p>
Grant	A contribution made by one governmental unit (State or Federal) to another unit or to an individual. The contribution is usually made to aid in the support of a specified function, but it may be for general purposes.
Impairment of Capital Assets	A significant, unexpected decline in the service utility of a capital asset.
Imposed nonexchange revenues	Assessments by governments on nongovernmental entities, including individuals, other than assessments on exchange transactions. Examples include property taxes, fines and penalties and property forfeitures (e.g. seizures and escheats). The principal characteristic of these transactions is that the required transmittal of resources to the assessing government is imposed by that government on an act committed or omitted by the provider (e.g. property ownership or the contravention of a law or regulation) that is not an exchange transaction. Enabling legislation sometimes places purpose restrictions on the use of the resources. Alternatively, or in addition to purpose restrictions, the government may specify the period when the resources are required to be used or when use may begin. For example, property taxes generally are required to be used in or beginning in a particular period – the period for which the taxes are levied – which may not be the same period that payment is due or the period when the government has a right to place a lien on the property.

PROCEDURE	DESCRIPTION OF THE EXPENDITURE AUTHORITY ACCOUNT CODE STRUCTURE	REVISION NUMBER 23-001

---

Sequence

GG - The two-character sequence code permits unique identification of expenditure accounts which may have all other characteristics in common with other account(s). This would be true when two or more accounts represented the same specific type of expenditure authority from the same fund, to the same organization unit, and for the same object. Such accounts are distinguished by using the sequence field—e.g., one of the accounts with identical characteristics will be sequence 01, another sequence 02, and so forth. Another common use of this field is the indication of project numbers for permanent improvement appropriations (budget lines).

Type of Account

HH - The two-character type of account code is used to indicate the type of expenditure authority represented by the account, such as non-appropriated, new appropriation, deficiency appropriation, supplemental appropriation, or reappropriation. In the case of reappropriations, the fiscal year of the original appropriation will be indicated by the code.

<u>Code</u>	<u>Account Type</u>
00	New appropriation
01	1st deficiency
02	2nd deficiency
03	3rd deficiency
04	4th deficiency
05	Supplemental appropriation
07	Casual deficit appropriation
08	Continuing appropriation
XX	Reappropriation for FY XX
98	Section 25
55	No appropriation
99	Prior Year

SUB-SECTION	OVERVIEW	EFFECTIVE DATE August 1, 2022
PROCEDURE	OBLIGATION REQUIREMENTS	REVISION NUMBER 23-001

---

OBLIGATION REQUIREMENTS

Generally, all contracts, purchase orders, leases, and grant agreements exceeding \$20,000 must be filed with the Comptroller and obligated on SAMS.

CONTRACTS FOR SERVICES

Generally, individual orders for repairs, maintenance or other services that will exceed \$20,000 to any single vendor must be reduced to writing, filed with the Comptroller within thirty days of execution, and individually obligated on SAMS. The \$20,000 is based on the individual order and not on individual payments.

Individual orders not exceeding \$20,000 are not required to be filed or obligated with the Comptroller. Agencies should, however, maintain all encumbrances on prospective expenditures within their internal accounting systems to prevent obligating in excess of their appropriations.

GRANTS

Per the Illinois Procurement Code (30 ILCS 500/1-15.42), a grant is “the furnishing by the State of assistance, whether financial or otherwise, to any person to support a program authorized by law. It does not include an award the primary purpose of which is to procure an end product for the direct benefit or use of the State Agency making the grant, whether in the form of goods, services, or construction. A contract that results from such an award is not a grant and is subject to this Code.”

74 Illinois Administrative Code 900.120 (administrative rules implementing the Prompt Payment Act 30 ILCS 540 et seq.) excludes awards and grants—such as pass-through grants, distributive payments, and refunds—as defined here in Procedure 15 from eligibility for prompt payment interest. However, the Prompt Payment Act further specifies that “prevention, intervention, or treatment services and supports for youth provided by a vendor by virtue of a contractual agreement” is included in “goods or services furnished to the State” for the purpose of this Act.

PURCHASES OF COMMODITIES AND EQUIPMENT

Individual purchases or Orders for Delivery from the same vendor that exceed \$20,000 must be filed with the Comptroller within thirty days of execution and individually obligated on SAMS.

SUB-SECTION	OVERVIEW	EFFECTIVE DATE August 1, 2022

---

Purchases of commodities and equipment from the same vendor are viewed as a series of isolated transactions and as long as a single purchase or Order for Delivery does not exceed \$20,000, it need not be filed or obligated.

MASTER CONTRACTS

Master contracts negotiated for use by multiple agencies to be used on an as needed basis are to be filed with the Comptroller's Office. The liability of the State with these contracts is contingent upon the agency's use of the service.

An order against a Master Contract and any modifications to the order must include:

- The goods and/or services ordered
- The term of the obligation
- The amount(s) of the obligation
- The Agency Head signature
- The Master Contract number in the description on the Contract Obligation Document (C-23)

The Master Contract field in SAMS must be populated with the master contract number. Master contract information can be accessed on the Comptroller's website, [www.illinoiscomptroller.gov/financial-data/state-expenditures/contracts/](http://www.illinoiscomptroller.gov/financial-data/state-expenditures/contracts/).

FILE ONLY CONTRACTS

File Only contracts including contracts paid entirely from locally held funds do not require obligation and are not entered into the SAMS system. They must, however, be included on the File Only Contracts Quarterly Reports in compliance with Public Act 102-029.

FILING REQUIREMENTS

State Agencies shall file with the Comptroller a copy of a contract, purchase order, grant, lease, cancellation, or modification thereto within 30 days of execution. For filing purposes, "execution" occurs when all required elements of an agreement have been written and formally approved (in writing) by all parties as required by law for filing with the Comptroller. For contracts that require three agency signatures per the State Finance Act (30 ILCS 105/9.02), execution will occur when the vendor and all three agency signatures have been affixed.

Where a contract liability or cancellation or modification to any such contract liability has not been filed within 30 days of execution, the Comptroller shall refuse to issue a warrant for payment thereunder until the agency files with the Comptroller the contract, purchase order, grant or lease and an Affidavit (Exhibit 15.10.40-A), signed by the chief executive officer of an agency or his designee, setting forth an explanation of why such contract liability was not filed within 30 days of execution. A pdf fillable form for the Late Filing Affidavit (SCO-989) is available on the Comptroller's website at [www.illinoiscomptroller.gov](http://www.illinoiscomptroller.gov) in the Accounting Forms section. The affidavit must clearly identify the agency, contract number, vendor and be notarized. Each affidavit must be sequentially numbered for each fiscal year. For agencies submitting contract documents as paper copies, **the original and one copy of the affidavit must be sent with the contract** to the Office of the Comptroller. Agencies submitting contract documents electronically will no longer be required to submit affidavits with original signatures. One copy of the affidavit shall be placed in front of the contract document for scanning. Original affidavits will be maintained by the agency. The Comptroller will continue to file a copy of the affidavit with the Auditor General.

TIMELY EXECUTION OF CONTRACTS

The Illinois Procurement Code 30 ILCS 500/20-80(d) "Timely execution of contracts" requires all contracts subject to the Illinois Procurement Code solicited on or after July 1, 2010, to be reduced to writing and signed by all necessary parties before services are rendered or goods are received. If any contract for goods or services is executed after the beginning date of the contract, the IOC will reject the contract. This Section shall not apply to emergency purchases if notice of the emergency purchase is filed with the Procurement Policy Board and published in the Bulletin as required by the Code. A copy of the Bulletin must be attached to the contract.

The Chief Procurement Officer (CPO) can request an exception. To request an exception, the CPO must submit a Late Execution Waiver Request form (Exhibit 15.10.40-B). A pdf fillable form for the Late Execution Waiver Request (SCO-988) is available on the Comptroller's website at [www.illinoiscomptroller.gov](http://www.illinoiscomptroller.gov) in the Accounting Forms section. A CPO Signature Authorization Card must be on file.

The Late Execution Waiver Request (Exhibit 15.10.40-B) must be completed as follows:

- contract or obligation number;
- contracting agency number and name;
- contact person, phone number and address;
- vendor name;

- **either** a request for an exception along with a detailed explanation of why the goods were received or the services were commenced before the agreement was executed, **or** a statement that the goods were not received or the services were not performed before the agreement was executed;
- original signature of the CPO or designee as supported by a signature form (SCO-471).

**A copy of the contract must be submitted with the Waiver Request.** The contract will be date-stamped upon receipt.

The Waiver Request and a copy of the contract must be submitted to:

Illinois Office of the Comptroller  
Attn: Obligations  
325 West Adams  
Springfield, IL 62704-1871

The IOC will coordinate the review process with the Treasurer's Office. If the Waiver Request is approved, a copy of the Waiver Request will be returned to the contact person. If the Waiver Request is not approved, the contact person will be notified.

ADVANCE PAYMENTS

The State Finance Act (30 ILCS 105/9.05) requires that, generally, payment for services rendered or goods delivered cannot be made in advance but only after the goods or services for which payment is being made have been provided unless the terms of the contract require advance payment.

ACCOUNTS REQUIRING OBLIGATIONS

All prospective expenditures exceeding \$20,000 must be recorded in the obligations accounting system.

A. Fully Obligated Accounts

Selected expenditure authority accounts require full obligation at the time of establishment. "Full obligation" means that the full amount of the contractual

liability for the current fiscal year must be obligated when the obligation is established. These are referred to as "fully obligated" accounts.

Full obligation is required for the operational accounts listed below:

- 1200 Contractual Service - all detail expenditure accounts, except 1251, 1252, 1253, 1254, 1255 and 1261
- 1300 Commodities - all detail expenditure accounts
- 1302 Printing
- 1500 Equipment - all detail expenditure accounts
- 1700 Telecommunications - all detail expenditure accounts, except regulated service charges which do not require obligation.
- 1800 Operation of Automotive Equipment - all detail expenditure accounts

The following expenditure accounts require full obligation, if the prospective expenditure will be charged to a detail expenditure account encompassed within the fully obligated accounts referenced above.

- 1600 Electronic Data Processing
- 1900 Lump Sum and other purposes

Detail expenditure accounts 1681, 1683, 1685 and 1687 also require full obligation. No obligation is required for (1) Electronic Data Processing, or (2) Lump Sum and other purposes, if the prospective expenditure will be charged to a detail expenditure authority account not requiring obligation.

**B. Partially Obligated Accounts**

Prospective expenditures of more than \$20,000 must be recorded in the obligation system for the accounts listed below. However, the full amount need not be obligated at the time of establishment unless the contract has firm pricing.

- 4400 Awards and Grants - all contractual liabilities (gratuitous payments are exempt from obligation)
- 4900 Awards and Grants, Lump Sum and other purposes
- \*6600 Permanent Improvements - all detail expenditure accounts

- 7700 Transportation and Related Construction - all detail expenditure accounts
- 7900 Transportation and Related Construction, Lump Sum and other purposes

\*NOTE: Certain appropriation line items, such as most capital appropriations, require prior obligation and expenditure approval by the Governor. Obligations will not be permitted in excess of the amount authorized by the Governor where this provision applies.

The statewide accounting system will check the outstanding obligation file when any expenditure is processed against these accounts to determine if the referenced obligation is recorded, and if the unliquidated obligation balance (obligation amount minus expenditures to date) is sufficient to process the voucher. If no obligation is recorded and the voucher is for more than \$20,000, the expenditure will not be processed until an obligation is recorded. Also, if the unliquidated obligation balance is insufficient, the voucher will not be processed until corrective action has been taken by the agency.

ACCOUNTS NOT REQUIRING OBLIGATION

The following expenditure authority accounts do not require obligation:

- 1100 Personal Services
- 1290 Travel
- 1298 Purchase of Investments
- 8800 Debt Service
- 9900 Refunds

SYSTEMS CONTROL

The obligation accounting system provides computer reports detailing each agency's obligation transactions. Computer reports provide information necessary for each agency to reconcile their obligation balances with those maintained by the Comptroller.

Monthly Obligation Activity Report (Exhibit 15.30.20-A)

The Comptroller provides a monthly report listing the obligation transactions processed against each agency's accounts. The report is available at [www.illinoiscomptroller.gov](http://www.illinoiscomptroller.gov).

The monthly Obligation Activity Report provides unliquidated obligation balances at two levels:

- At the detail level for each obligation that was "open" during the month
- At a summary level for each expenditure authority account having "open" obligations during the month

Detail obligation activity is in the following order on the report:

- Agency
- Fiscal year
- Appropriation account code
- Obligation number
- Transaction amount
- Individual transactions

The monthly activity includes transactions establishing or amending obligations and vouchers processed reducing previously recorded obligations.

The following information is provided at the detail level for each obligation that was "open" during the month:

- Unliquidated obligation balance at the beginning of the month
- Listing of all monthly activity against the "open" obligation
- Unliquidated obligation balance at the end of the month
- Summarization of all detail activity at the expenditure authority account level

Reconciliation of the Monthly Obligation Activity Report and Agency Contract Report.

Each agency must verify and reconcile to internal records all monthly transactions processed by the Comptroller. (See 15.30.20.) Errors in processing agency obligation transactions can result in erroneous account balances, and may cause the rejection of subsequent vouchers or obligations. These reconciliations must be completed within 60 days of the month end.

PRE-AUDIT

Obligation documents and any attached contracts or leases will be pre-audited to ensure that:

- The Contract Obligation Document (C-23 or COD) contains accurate information in all data fields, as specified in 15.20.10.
- The abstract information is completed on the Contract Obligation Document form.
- All statutory contract filing requirements are met.
- Specified contract content is met.
- Contract signature requirements include:
  - The agency signatory must have a Contract Authorization Signature Form (Form SCO-470) on file with the Comptroller’s Office prior to filing a contract or affidavit.
  - Each designee must have written approval by the agency head in the form of a Contract Signature Authorization Form on file with the Comptroller’s Office prior to executing a contract or affidavit.
  - Every contract signature applied using wet ink or a stamp must have the name and title of the signatory typed or printed legibly below their actual signature. If executed by a designee, the name and title of the agency head and designee are required.

- When any delegation of authority is revoked, the revocation of authority must be filed with the Comptroller's Office via a Contract Signature Revocation Form. (See 15.20.96.)

Any obligation document and/or attachment that does not meet all preaudit tests will be returned to the agency for correction and resubmission.

Obligations Delete Report (Exhibit 15.10.50-A)

State agencies will have five business days from the date of initial entry to correct any errors discovered through SAMS electronic edits or manual pre-audit. If the errors are not corrected in a timely manner, the transaction will be deleted from SAMS and the contract will be returned with a Deleted Documents Report (Exhibit 15.10.50-A).

It is important that the Comptroller's Office has accurate information on file specifying the agency personnel who will receive the reports and returned documents.

## **Commercial Voucher File**

This document describes the file format to be used by State agencies transmitting commercial voucher information directly to the Comptroller.

### **I. FILE CHARACTERISTICS**

The Commercial Voucher File records are 900 bytes in length. Numeric fields are both unpacked and unsigned. The Commercial Voucher File consists of five types of records. These are:

1. **Header Record** - This record is the first data record on the file. It is used to identify the file, source computer type, agency, creation date, etc.
2. **Schedule Record** - The schedule record should indicate the type of processing required for the vouchers following it. All Voucher Transaction Records following a Schedule Record (pertaining to that schedule) must cite the same appropriation account code and fiscal year. Do not mix vouchers requiring different processing on the same schedule.

There may be multiple Schedule Records and related groups of Voucher Transaction Records on a single file.

**During lapse period** (July - August), schedules citing different fiscal years may NOT be mixed on a file. Each fiscal year must be on a separate file.

3. **Voucher Transaction Record** – Files should be limited to 10,000 records unless approved by the Comptroller. Each transaction record contains all the data elements needed to write a warrant or send a direct deposit transaction.

The fields labeled DIRECT DEPOSIT must be completed to send a direct deposit transaction. The fields labeled OPTIONAL are not required at this time but may be required for future transaction types.

4. **Trailer Record** - This record is the last data record on the file. It is used to provide control counts and totals for balancing the file.

### **II. FILE ORDER**

A batch consists of a Schedule Record followed by the Voucher Transaction Records.

Batches are to be sorted by appropriation account code number in ascending order on the file.

Within a batch, Voucher Transaction Records are to be sorted by voucher number in ascending order.

If actual hardcopy vouchers are required to accompany the file, they must be sorted correspondingly within a batch, and batches should be sorted in the appropriate order.

### III. **APPENDICES**

**Appendix 1** - defines the required data elements in the file records and the record layouts.

**Appendix 2** - details the standards to be used for vendor identification number, name and address on the Voucher Transaction Record.

**Appendix 3** - Reserved for Future Use.

**Appendix 4** - describes the agency file balance report which is to accompany each Commercial Voucher file received by the Comptroller. This report replaces the requirement for individually signed vouchers.

**Appendix 5** - describes the requirements for the standardized information for box 10 of the invoice voucher.

**Appendix 6** - Reserved for Future Use.

**Appendix 7** - Other File Edits

### **VENDOR IDENTIFICATION NUMBER, NAME AND ADDRESS**

The standards for providing the vendor identification number and name in the Voucher Transaction Record are described in the following section of the SAMS Manual:

- Procedure 19.10.15 – pages 1-4;
- Procedure 19.10.20 – page 1;

The vendor’s street address must be provided in the “Address” field.

The vendor’s city, state, and zip must be provided in the specified fields. The valid U.S. Postal Service abbreviations must be used in the “State” field. The zip code provided should be the vendor’s zip code as assigned by the U.S. Postal Service. The “Zip Code” field on the transaction record is a nine-position field and does not require the dash if using the zip+4 code.

Any unused fields must be space filled.

Do not use punctuation in these fields.

## APPENDIX 5

### **STANDARDS FOR VOUCHER TRANSACTION DESCRIPTION FOR PRE-AUDIT**

The following standards are to be used to complete the data entry for a payment voucher. The purpose of the description is to provide enough information to permit a pre-auditor (or post-auditor) to understand the nature of the transaction. Auditors are not usually familiar with the detailed operations of State agencies and the specialized account codes and abbreviations that may be used by agencies for internal purposes. It is, therefore, necessary for Voucher Transaction Descriptions to be clear.

A more complete reference is located at SAMS Chapter 17.20.20.

### **STANDARDS FOR PAYMENT VOUCHER INPUT**

#### Invoice Description:

One 360-byte alphanumeric field. This description should be sufficiently clear to permit a pre-auditor to understand the purpose and nature of the goods acquired or services rendered. Abbreviations are permitted only when the abbreviation is generally understood. Agency specific abbreviations or program codes should not be used as a description unless otherwise explained in the text of the description.

#### Example 1:

Temporary clerical office assistance in connection with the Temporary Aid to Needy Family Program (TANF) (CFDA 87.100956)

#### Example 2:

Reconstruction of engine and transmission of Navistar Dump Truck.

#### Example 3:

Grant to Elkhart Fire District for purchase of new fire truck

#### Example 4:

Purchase 2 chairs @ \$899 each, 2 credenzas @ \$523 each, and 2 file cabinets @ \$350 each for Director's Springfield office.

## APPENDIX 5

### **STANDARDS FOR VOUCHER TRANSACTION DESCRIPTION FOR PRE-AUDIT (cont.)**

#### Date of service:

Two eight-byte fields. The first field should contain the beginning date for when the goods were received or services rendered. The second field should contain the ending date for when goods were received or services rendered. If all the goods or services being paid for on this voucher were received or rendered on the same day, then the same date should be recorded for both fields.

Example:

022400 031800

#### GAAP Code (Reference SAMS Manual):

One four-byte alphanumeric field. This code corresponds with the GAAP expenditure classifications. Refer to the SAMS manual for specific codes and their definition.

Example:

7500

COMMERCIAL PAYMENT PROCESSING

Agencies provide payment and payment-related data to the Comptroller's Office via file. Agencies currently use the 900M file format. The 900M format is used for the paperless Commercial transactions. Therefore, each 900M record contains imperative information needed by the Comptroller's Office to audit the transaction. This information is carried in a 360-character area that represents six (6) lines of sixty (60) characters each. These six (6) lines are printed on the remittance portion of the paper warrant document. For electronic payments, an additional sixty (60) characters are allotted to provide for remittance information to be included in the addendum record. None of the six (6) lines for the hard copy remittance are included in the electronic remittance information, nor are the 60 characters for the electronic payment included in the hard copy remittance with the warrant.

The electronic 60-character remittance field is located in positions 379-438 on the 900M format. This field offers agencies the opportunity to enhance the quality of payment description provided to payees who have elected to receive electronic payments with remittance information. This field may contain descriptive information other than the invoice number, invoice date and paying agency code, which are passed electronically to direct deposit vendors. If an agency does not intend to use this remittance field for payment description, this field must be left blank. If left blank, the Comptroller's Office automatically fills that field with the payment voucher number and phone number of the SAMS Help Desk. Agencies are encouraged to use this field to provide additional remittance information to their EFT vendors. Agencies should communicate with their vendors to determine what information is needed.

**DIRECT DEPOSIT MANDATES**

Pursuant to Public Act 97-0348, vendors that receive 30 or more paper checks annually from the same agency may be charged \$2.50 for each paper check received thereafter. To prepare vendors for this law's implementation the IOC has set a threshold of paper checks a vendor may receive without being subjected to the fee. The threshold began at 1,000 paper checks on August 1, 2012, and decreased to the statutory limit of 30 on July 1, 2015.

**HARDSHIP EXEMPTION**

Subsection (d) of 15 ILCS 405/9.03 allows vendors to file a hardship petition requesting an exemption from the direct deposit mandates. A hardship petition is available for download on the Comptroller's website.

**CONFIDENTIALITY INDICATOR**

Agencies are given the opportunity to mark payment vouchers as confidential or non-confidential. For vouchers that are marked non-confidential, the Comptroller's Office will make the associated text information (bytes 379-438 and bytes 527-886) available through the Comptroller's website ([www.illinoiscomptroller.gov](http://www.illinoiscomptroller.gov)) to vendors. For vouchers that are marked confidential, the Comptroller's Office makes the associated text information available to vendors through Enhanced Vendor Remittance on the Comptroller's website. However, for vouchers marked confidential, the Comptroller will continue to make the current fiscal information available, along with the agency's contact telephone number.

The confidentiality indicator is located in byte 887 of the file layout. The allowable codes for that field are "Y", "N", or blank. A blank field or the code "Y" indicates that the associated text information is confidential and that it will only be disclosed in Enhanced Vendor Remittance on the Comptroller's website. The code "N" indicates that the associated text information is not confidential and will be disclosed on the Comptroller's website.

**ILLINOIS FUNDS**

Agencies making payments to the Treasurer's Illinois Funds participants should use the 60-character remittance field to describe the payment. For example: "IDOR – Replacement Tax." Agencies are encouraged to take advantage of this remittance description field. If the field is left blank, the Comptroller's Office system will add automatically the voucher number and the text "Illinois Funds Payment."

To ensure that payments are direct deposited into Illinois Funds, agencies must put an "8" in the EFT indicator field (byte 348) of the 900 or 900M commercial voucher file layout.

**OTHER AVAILABLE FEATURES**

Another feature of the Commercial Electronic Commerce Program allows the agencies to override an electronic deposit authorization, and create a paper warrant for an individual payment. By placing a "9" in the EFT indicator field (byte 348 of the 900 or 900M format of the Commercial voucher file), a paper warrant is issued and the following message is printed on the paper warrant (stub). *"This payment was switched from EFT to hard copy pursuant to a request from the paying agency."* This indicator should be used only in instances where there is a specific need for a paper warrant, or the payee has specifically requested to receive a paper

warrant. It is recommended that agencies use a segment of the available 360-character invoice description field to explain the reason the payment was converted to a paper warrant.

SAMS edits the name field on EFT payments to match the name to the Vendor File. All EFT payments that do not pass this edit will be rejected, corrected or default to a hard-copy warrant.

If an agency is interested in identifying electronic payments, the vendor's EFT status can be checked on SAMS. Agencies who have access to SAMS can inquire on the VEN2 screen. Electronic payment vendors will have an EFT status of "A." Agencies that use the daily vendor file (distributed by CMS) can refer to the EFT indicator on that file.

The Comptroller's Office plans to continue enhancing the Commercial Electronic Deposit Program. Please address questions to the Electronic Commerce Section at 217/557-0930.

Statutory authority for the issuance, return, voidance and replacement of warrants is contained in the "State Comptroller Act (15 ILCS 405)." Guidance in applying these provisions is contained throughout this section.

15 ILCS 405/9

Sec 9. Warrants; vouchers; preaudit.

(a) No payment may be made from public funds held by the State Treasurer in or outside of the State treasury, except by warrant drawn by the Comptroller and presented by him to the treasurer to be countersigned except for payments made pursuant to Section 9.03 or 9.05 of this Act.

(b) No warrant for the payment of money by the State Treasurer may be drawn by the Comptroller without the presentation of itemized vouchers indicating that the obligation or expenditure is pursuant to law and authorized, and authorizing the Comptroller to order payment.

(c) The Comptroller shall examine each voucher required by law to be filed with him and determine whether unencumbered appropriations or unencumbered obligational or expenditure authority other than by appropriation are legally available to incur the obligation or to make the public funds. If he determines that unencumbered appropriations or other obligational or expenditure authority are not available from which to incur the obligation or make the expenditure, the Comptroller shall refuse to draw a warrant.

(d) The Comptroller shall examine each voucher and all other documentation required to accompany the voucher and shall ascertain whether the voucher and documentation meet all requirements established by or pursuant to law. If the Comptroller determines that the voucher and documentation do not meet applicable requirements established by or pursuant to law, he shall refuse to draw a warrant. As used in the Section, "requirements established by or pursuant to law" includes statutory enactments and requirements established by rules and regulations adopted pursuant to this Act.

(e) Prior to drawing a warrant, the Comptroller may review the voucher, any documentation accompanying the voucher, and any other documentation related to the transaction on file with him, and determine if the transaction is in accordance with the law. If based on his review the Comptroller has reason to believe that such transaction is not in accordance with the law, he shall refuse to draw a warrant.

(f) Where the Comptroller refuses to draw a warrant pursuant to this Section, he shall maintain separate records of such transactions.

(g) State agencies shall have the principal responsibility for the preaudit of their encumbrances, expenditures, and other transactions as otherwise required by law.

Sec. 10.07. Warrants not presented to the State Treasurer within 12 months of the date of issuance shall be void, and the State Treasurer shall not pay any warrant presented to him or her after 12 months. Each warrant shall clearly bear a warning that it is void after 12 months from the date of issuance. Warrants outstanding after 12 months after issuance by the comptroller shall be cancelled by the comptroller and the State Treasurer. Each warrant shall show on its face the date of its issuance.

Warrants Undeliverable to Payee. (15 ILCS 405/10.08)

Sec. 10.08. Warrants undeliverable to the payee. If any warrant is undeliverable to the payee, it shall be returned to the comptroller, who shall if he determines that the warrant is undeliverable mark the face of the warrant "Canceled for Redeposit", cancel the warrant and transmit written notice to the vouchering agency of such cancellation.

Upon receiving a warrant returned for redeposit, the comptroller may redeposit it with the State Treasurer. Warrants mailed by the comptroller to the payee (or the payee's designated addressee) may be considered undeliverable if returned by the United States Postal Service after attempted delivery or may be remailed once by the Comptroller within 30 days of the date of return to a corrected address supplied by the issuing agency except that warrants paying grants to individuals under the Illinois Public Aid Code shall not be remailed. Warrants returned uncashed to the comptroller by any State agency, or by any person other than the payee, may, after inquiry as to its deliverability if the warrant is not void, be treated as an undeliverable warrant under this Section. Warrants returned to the comptroller which he determines to be deliverable or redeliverable shall be mailed by him to the payee or other designated addressee if a reasonable time remains before the warrant shall become void.

Sec. 10.10. (a) If any comptroller's warrant is lost, mislaid or destroyed, or becomes void after issuance, so that it cannot be presented for payment by the person entitled thereto, the comptroller, at any time before that warrant is paid by the State Treasurer, but within 5 years of the date of issuance, may issue a replacement warrant to the person entitled thereto. If the original warrant was not cancelled or did not become void, the comptroller, before issuing the replacement warrant, shall issue a stop payment order on the State Treasurer and receive a confirmation of the stop payment order on the original warrant from the State Treasurer.

(b) Only the person entitled to the original warrant, or his heirs or legal representatives, or a third party to whom it was properly negotiated or the heirs or legal representatives of such party, may request a replacement warrant. In the case of a warrant issued to a payee who dies before the warrant is paid by the State Treasurer and whose estate has been probated pursuant to law, the comptroller, upon receipt of a certified copy of a judicial order establishing the person or entity entitled to payment, may issue a replacement warrant to such person or entity.

Whenever the comptroller is presented with a request for a replacement warrant which may not be issued under the limitation of this subsection, if the appropriation or other expenditure authority against which the original warrant was drawn has not lapsed, the comptroller shall immediately inform the originating agency of the request and that the request may not be honored because of the resulting over-obligation, and shall request the agency to determine whether or not that agency will take some corrective action before the applicable expenditure authorization lapses. The originating agency shall respond to the comptroller's inquiry within 5 business days.

Sec. 9.03. Direct deposit of State payments.

(a) The Comptroller, with the approval of the State Treasurer, may provide by rule or regulation for the direct deposit of any payment lawfully payable from the State Treasury and in accordance with federal banking regulations including but not limited to payments to (i) persons paid from personal services, (ii) persons receiving benefit payments from the Comptroller under the State pension systems, (iii) individuals who receive assistance under Articles III, IV, and VI of the Illinois Public Aid Code, (iv) providers of services under the Mental Health and Developmental Disabilities Administrative Act, (v) providers of community-based mental health services, and (vi) providers of services under programs administered by the State Board of Education, in the accounts of those persons or entities maintained at a bank, savings and loan association, or credit union, where authorized by the payee. The Comptroller also may deposit public aid payments for individuals who receive assistance under Articles III, IV, VI, and X of the Illinois Public Aid Code directly into an electronic benefits transfer account in a financial institution approved by the State Treasurer as prescribed by the Illinois Department of Human Services and in accordance with the rules and regulations of that Department and the rules and regulations adopted by the Comptroller and the State Treasurer. The Comptroller, with the approval of the State Treasurer, may provide by rule for the electronic direct deposit of payments to public agencies and any other payee of the State. The electronic direct deposits may be made to the designated account in those financial institutions specified in this Section for the direct deposit of payments. Within 6 months after the effective date of this amendatory Act of 1994, the Comptroller shall establish a pilot program for the electronic direct deposit of payments to local school districts, municipalities, and units of local government. The payments may be made without the use of the voucher-warrant system, provided that documentation of approval by the Treasurer of each group of payments made by direct deposit shall be retained by the Comptroller. The form and method of the Treasurer's approval shall be established by the rules or regulations adopted by the Comptroller under this Section.

(b) Except as provided in subsection (b-5), all State payments for an employee's payroll or an employee's expense reimbursement must be made through direct deposit. It is the responsibility of the paying State agency to ensure compliance with this mandate. If a State agency pays an employee's payroll or an employee's expense reimbursement without using direct deposit, the Comptroller may charge that employee a processing fee of \$2.50 per paper warrant. The processing fee may be withheld from the employee's payment or reimbursement. The amount collected from the fee shall be deposited into the Comptroller's Administrative Fund.

(b-5) If an employee wants his or her payments deposited into a secure check account, the employee must submit a direct deposit form to the paying State agency for his or her payroll or to the Comptroller for his or her expense reimbursements. Upon acceptance of the direct deposit form, the Comptroller shall disburse those funds to the secure check account. For the purposes of this Section, "secure check account" means an account established with a financial institution for the employee that allows the dispensing of the funds in the account through a third party who dispenses to the employee a paper check.

(c) All State payments to a vendor that exceed the allowable limit of paper warrants in a fiscal year, by the same agency, must be made through direct deposit. It is the responsibility of the paying State agency to ensure compliance with this mandate. If a State agency pays a vendor more times than the allowable limit in a single fiscal year without using direct deposit, the Comptroller may charge the vendor a processing fee of \$2.50 per paper warrant. The processing fee may be withheld from the vendor's payment. The amount collected from the processing fee shall be deposited into the Comptroller's Administrative Fund. The Office of the Comptroller shall define "allowable limit" in the Comptroller's Statewide Accounting Management System (SAMS) manual, except that the allowable limit shall not be less than 30 paper warrants. The Office of the Comptroller shall also provide reasonable notice to all State agencies of the allowable limit of paper warrants.

(c-1) All State payments to an entity from a payroll or retirement voluntary deduction must be made through direct deposit. The Comptroller shall provide reasonable notice to all entities impacted by this requirement. Any new entities that receive a payroll or retirement voluntary deduction must sign up for direct deposit during the application process.

(c-2) The detail information, such as names, identifiers, and amounts, associated with a State payment to an entity from a payroll or retirement voluntary deduction must be retrieved by the entity from the Comptroller's designated Internet website or an electronic alternative approved by the Comptroller. If the entity requires the Comptroller to mail the detail information, the Comptroller may charge the entity a processing fee up to \$25.00 per mailing. Any processing fee will be billed to the entity at a later date. The amount collected from the processing fee shall be deposited into the Comptroller's Administrative Fund. The Comptroller shall provide reasonable notice to all entities impacted by this requirement.

(d) State employees covered by provisions in collective bargaining agreements that do not require direct deposit of paychecks are exempt from this mandate. No later than 60 days after the effective date of this amendatory Act of the 97th General Assembly, all State agencies must provide to the Office of the Comptroller a list of employees that are exempt under this subsection (d) from the direct deposit mandate. In addition, a State employee or vendor may file a hardship petition with the Office of the Comptroller requesting an exemption from the direct deposit mandate under this Section. A hardship petition shall be made available for download on the Comptroller's official Internet website.

The term does not include State agencies.

WARRANTS NO LONGER OUTSTANDING

After a warrant is issued, it is subsequently recorded on the Comptroller's records as no longer outstanding (i.e., cleared) when any of the following events occur.

**PAID WARRANTS**

When a warrant is presented for payment to the Treasurer and she/he honors the claim, the warrant is paid and thus no longer outstanding.

**ESCHEATED WARRANTS**

If a warrant has been outstanding after issuance for more than 12 months, it is escheated (void) and thus no longer outstanding. The only exception to this is that warrants issued from Toll Highway Authority Funds and warrants issued from the Illinois Treasurer Unclaimed Property Trust Fund are not presently subject to escheatment; however, they are subject to automatic warrant voiding because of time.

**CANCELLED WARRANTS**

When an outstanding warrant, less than 12 months old, is cancelled and the amount of the warrant is redeposited in the original fund and appropriation account (if not lapsed), the warrant is cancelled and no longer outstanding. If the appropriation has lapsed, only the fund is credited. A warrant may be cancelled when an agency notifies the Comptroller that (1) a warrant was issued erroneously and the State has the warrant in its possession or (2) if it is determined that a warrant is undeliverable (e.g., the U.S. Postal Service returns a warrant as undeliverable).

---

**ISSUED WARRANT EXCEPTION PROCESSING**

If an agency determines that it has some reservations concerning a voucher submitted to the Comptroller for warrant processing, or is in need of a replacement warrant, it has the following options available to remedy the situation. In each instance, a Warrant Action Request Form, C-50, must be prepared and submitted to the Adjustment Section of the Comptroller's Office.

**PRE-MAIL HOLDS**

The agency may request the Comptroller to attempt to withhold the warrant before mailing. This is known as a last-minute hold, and may be effected after the submission of the voucher and the actual generation of the warrant. If the Comptroller successfully effects the hold, the agency has 30 days to instruct the Comptroller on the disposition of the warrant (e.g., mail, change address, or cancel for redeposit); an item held for 30 days is considered undeliverable and will be canceled for redeposit. In the event a last-minute hold cannot be effected, the Comptroller may issue a stop-pay order to the Treasurer at the request of the vouchering agency.

The Warrant Action Request Form (C-50) on all pre-mail pull requests, must be signed by the agency head or by someone authorized to affix the agency head's signature for the type of voucher involved. The signature(s) must match that of the appropriate signature card on file in the Comptroller's Office.

**STOP-PAYMENT**

A stop-payment may be requested by the Comptroller as a result of a replacement request from the payee, or agency; an agency request for a stop-payment (no replacement), or an unsuccessful last-minute hold (e.g., the warrant was mailed before the hold request could be effected). Once a stop-payment has been placed, a warrant will not be honored by the Treasurer.

**RELEASE OF STOP-PAYMENT**

An agency may request the release of an agency stop-payment (where no replacement was to be made) which will, in effect, allow the specific warrant to be honored for payment by the Treasurer.

A replacement request may be reversed by requesting to rescind the replacement request provided that the Comptroller has not issued the replacement warrant.

## CANCELLATION

If an agency determines that a payment is erroneous, it may instruct the Comptroller to cancel the warrant for redeposit. The Comptroller will then execute this instruction if the warrant is still outstanding and in State possession. If the warrant was not issued out of the original vouchering agency's appropriation, please refer to the instructions in SAMS 25.20.20.

If the payment cancelled for redeposit should be re-issued to a different payee, such request should be submitted to the IOC on an Invoice Voucher, Form C013, for processing through the Commercial Warrant Writing System. A copy of the Warrant Action Request, Form C-50, should be attached to the C-13. For additional information, contact the Voucher Pre-Audit Unit at 217/782-3060.

## WARRANT REPLACEMENT

If an agency receives communication from the payee that a warrant was lost, destroyed, not received or stolen, the agency may transmit to the Comptroller a Warrant Action Request form (C-50) or the payee's request to issue a replacement warrant; however, Section 10.10 of the Comptroller Act necessitates that certain requirements be met before a replacement warrant is issued. A request for the stop payment and replacement of any payroll warrant must originate with the employees' payroll office and must be signed by an agency official who is authorized to sign payroll vouchers.

1. Stop-pay

The Comptroller must issue a stop-payment order and receive confirmation of stop-payment on the original warrant from the State Treasurer.

2. Time Limits

The replacement warrant must be issued by the Comptroller within ten years of the issue date of the original warrant

3. Certification

Except as noted below, for warrants more than \$500.00, the applicant must execute a notarized affidavit certifying loss or destruction of the original warrant and that subsequent to the execution of the affidavit she/he will not negotiate the original warrant. Further, she/he must certify entitlement and aver that she/he will return the original warrant, if discovered, to the Comptroller. This certification must be forwarded to the Comptroller. For warrants \$500.00 or less the applicant shall show entitlement by completing a written statement indicating the loss or destruction of the warrant, or the fact that the warrant is void.

If the warrant is escheated (more than 12 months old) and the original warrant is submitted with a request that it be replaced in the original name, no affidavit is required.

4. Third Party Certification

If the original warrant was negotiated to a third party, the third party must execute a notarized affidavit (except as noted in #3) certifying loss or destruction of the warrant and showing entitlement to the warrant. She/He must aver that she/he has not and will not negotiate the original warrant and that she/he will return the warrant, if discovered, to the Comptroller. This certification must be forwarded to the Comptroller, who may require a bond with sufficient sureties as required at the discretion of the Comptroller.

**VOUCHERING REQUIREMENTS**

I. Replacement Warrants Issued Within Twelve Months of Date of Issue of the Original Warrant.

A. Original Warrant not Canceled for Redeposit.

If a replacement warrant is to be issued within twelve months from the date of issuance of the original warrant, and the original warrant has not been returned to the Comptroller and canceled for redeposit, the replacement warrant is issued on the original voucher.

AGENCY TRANSMITTALS - RECEIPTS

GENERAL

The Receipts Deposit Transmittal, SAMS Procedure Exhibit 25.20.10-A, is used to deposit all receipts into the State Treasury. It has been designed to eliminate a free form transmittal letter. This form must be used when receipts are submitted to the Comptroller for ordering of money into a fund. The Comptroller's Office has begun accepting receipts on files.

An agency may report up to nine (9) receipt accounts within the same fund on one form. Multiple forms may be used when one deposit instrument, such as a Treasurer's Draft, is to be deposited into more than nine (9) receipt accounts or into receipt accounts for different funds. There does not have to be a one-for-one relationship between deposit instrument and receipt account.

Agencies requesting wire transfers must coordinate with the Treasurer's Office. The Agency will order monies and the wire transfer or advice will be sent to the Treasurer's Office. The Agency prepares a completed C-64 Form and sends to the Treasurer's Office. In the deposit instrument identification number, the "Type" is "1" and the "Description" is "Advice". The Treasurer's Office will affix the advice (wire transfer) and send to the Comptroller's Office for processing.

It is important to note that the instrument(s) accompanying a Receipts Deposit Transmittal should be receipts only. The deposit instrument should not contain monies applicable to cash refund transactions. When depositing cash receipts and cash refunds into the Treasurer's Clearing Account, it is the agency's responsibility to request separate instruments -- one for receipts and one for cash refunds. Any exception to this procedure requires approval by the Comptroller's Office prior to processing.

INSTRUCTIONS FOR COMPLETION OF THE

Agencies will continue to use the CUSAS Receipt Account Code Structure for completing the Receipt Deposit Transmittal (C-64). However, output from SAMS (reports/inquiries) will be in the SAMS Account Code Structure. If these items are not completed, the transmittal is subject to return.

- 7-10    Receipt Account Code - the twelve (12) digit receipt account code as indicated in the receipts chart of accounts. If more than one deposit instrument is applicable to one receipt account, the receipt account need only be shown once. However, total instruments must equal total deposits.

**PURPOSE**

The purpose of the Proprietary Funds Statement of Cash Flows (Exhibit 27.20.33-A) is to classify cash transactions according to whether they originate from operating, noncapital financing, capital and related financing, or investing activities at June 30 for inclusion in the State's Annual Comprehensive Financial Report.

When applicable, this form must be completed annually and sent to the Comptroller's Office as part of the year-end reporting package. Two copies should be retained by the agency: one to provide an internal record and one for the Auditor General or his representative.

**GENERAL**

The Proprietary Funds Statement of Cash Flows should be completed by funds classified as proprietary funds of the primary government according to the Comptroller's Office records. Refer to the Summary of Agencies and Fund Classification (SAMS Procedure 27.50.10) to obtain the fund classification. PROCEDURE	CAPITAL ASSET SUMMARY (SCO-538)	REVISION NUMBER 23-001

---

**CAPITAL ASSET SUMMARY (SCO-538)**

**PURPOSE**

The purpose of the Capital Asset Summary (Exhibit 27.20.38-A) is to ensure all capital assets of State agencies are reported in the State of Illinois' GAAP financial statements.

When applicable, this form must be completed annually and sent to the Comptroller's Office as part of the year-end reporting package. Two copies should be retained by the agency: one to provide an internal record, and one for the Auditor General or his representative.

**GENERAL**

The Capital Asset Summary should be used by all State Agencies to report capital assets and related accumulated depreciation. Agencies should complete one form summarizing capital asset information for all governmental funds and a separate form for each proprietary fund using the SCO-538 form within the Comptroller's WEDGE system. Agencies should complete a separate manual form for each pension trust fund, private purpose trust fund, and component unit. To determine fund classification, refer to the Summary of Agencies and Fund Classifications (Procedure 27.50.10).

The amounts reported in the Balance at June 30, Prior Year column should be the amounts reported in the Balance at June 30, Current Year column from the final SCO-538 in the prior fiscal year. In addition, the amounts reported for leases and the related depreciation should equal amounts reported in the Comptroller's lease system. These amounts will be provided by the Comptroller's Office after all SCO-560's submitted by an agency have been processed.

Capital outlay payables should only be recorded if the expenditure is greater than or equal to the related capitalization threshold (see 03.30.20). For example, equipment purchases should be \$5000 or greater.

It is of vital importance the standard journal entries made in conjunction with the SCO-538 for capital outlays accounts payable and the expenditure reconciliation agree with the corresponding information on the SCO-547, 548 and 549. When the GAAP package is completed, it should be reviewed to ensure entries for capital outlays agree to the SCO-538 submitted in August for governmental funds. If the capital outlays reported on the early submission SCO-538 do not agree to the final year-end reporting package, adjustment(s) should be made as necessary. A revised

SCO-538 must be submitted to the Comptroller's Office as soon as possible. Changes to the SCO-538 could result from the availability of more complete or accurate information regarding the amount of lapse period capital outlays subsequent to the SCO-538 submission in August.

The Comptroller's Office has established capital asset policies that include capital asset definitions, financial reporting thresholds, economic useful life guidelines, and depreciation methods. Refer to Capital Asset Reporting (Procedure 03.30.10).

Descriptions of the capital asset classes are as follows:

- Land and Land Improvements
- Site Improvements
- Buildings and Building Improvements
- Equipment
- Infrastructure

Beginning in fiscal year 2013, the State is required to report service concession arrangements (SCAs) in the Annual Comprehensive Financial Report as a result of the Governmental Accounting Standards Board (GASB) issuance of Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*. For the majority of State agencies, this Statement will not be applicable. However, in instances where SCAs exist, reporting and disclosure of the arrangements will be required.

An SCA involves a government (transferor) and another entity (operator). The operator can be a governmental or non-governmental entity. An SCA occurs when the transferor gives the rights (and obligations) to an operator to provide public services through the use of a governmental asset (facility) in exchange for significant consideration. Significant consideration includes up-front payments, installment payments, a new facility or improvements to an existing facility. The operator collects, and is compensated by, fees from third parties; however, the government transferor determines, or has the ability to modify and approve, what services the operator is required to provide and the price charged for that service. Finally, the transferor is entitled to significant residual interest in the service utility of the facility at the end of the arrangement.

All amounts reported on this form should be rounded to the nearest thousand. Where a row or column does not apply, leave it blank.

**INSTRUCTIONS**

All capital assets meeting the capitalization threshold as discussed in 03.30.20 must be included on this form. All of an agency's governmental funds' capital assets are to be combined and reported on one form within the Comptroller's WEDGE system. Each proprietary fund GAAP Package contains an individual SCO-538 form for completion within the Comptroller's WEDGE system.

A separate SCO-538 manual form should be submitted for each Pension Trust Fund, Private Purpose Trust Fund, Component Unit, and University and be accompanied by a completed SCO-537, SAMS to GAAP Reconciliation – Capital Assets. The SCO-538 should be completed first.

Additions to Capital Assets

Additions to capital assets include new purchases, new leases entered into during the current year, acquisitions related to prior years not previously reported or property donated to the State. Leases are provided by the Comptroller's Office in connection with Form C-15 using the Comptroller's lease system.

Additions to accumulated depreciation include current year depreciation expenses associated with the capital assets as predetermined by the original value and useful life using the straight-line depreciation method as prescribed by the Comptroller's Office in Chapter 3.30.40. The current year depreciation expense for leases will be computed by the Comptroller's Office using the lease system.

Deletions from Capital Assets

Deletions include reductions to capital assets and unplanned terminations of lease assets. Reductions include capital asset inventory adjustments and sales or retirements. Unplanned terminations of lease assets are leases terminated at any time prior to the normal expiration of the specified lease term.

Transfers

Transfers are transactions involving a change in ownership of capital assets between agencies and/or funds. Total Capital Development Board (CDB) transfers for the year, including transfers-in-transit at fiscal year end, should be included in this column. Any amount of CDB transfers **not** capitalized should be included in the deletions column. CDB transfers-in-transit at fiscal year end must also be included as a reconciling item on the SAMS to GAAP Reconciliation tab of the SCO-538 form within the Comptroller's WEDGE system or on the SCO-537, SAMS to GAAP Reconciliation – Capital Assets.

Transfers within the accumulated depreciation section are transactions involving a change in ownership of capital assets between agencies and/or funds. The transferring agency must notify the receiving agency of the accumulated depreciation of a transferred asset at the time of the transfer.

When the lease agreement is complete and ownership of the asset is acquired, that asset and related accumulated depreciation must be transferred out of the lease asset class and transferred into the appropriate class (e.g. equipment).

Corrections of prior year errors, deemed not material for restatement, can be recorded against additions or deletions as applicable. Material additions and deletions, corrections or prior year errors must be accompanied by an explanation.

**STANDARD JOURNAL ENTRIES**

Capital outlays should be reclassified from the agency's designated expenditure function. For each fund listed in the capital outlays reconciliation section, "Expenditures Per SAMS" less "Non-capitalized Expenditures" plus "Other Capital Outlays" less "Leases" (the sum of (30) and (32) less (31) and (33)) is the amount to reclassify to the capital outlays expenditure account 550. This reclassification should then be posted on Form SCO-547. The Comptroller's Office will post the portion of this reclassification related to leases from information captured in the Comptroller's lease system.

NOTE: An entry in (35) requires capital outlays accounts payable to be disclosed on the SCO-549, and an adjusting journal entry to be made to the SCO-548.

**LONG-TERM OBLIGATIONS AND RELATED ITEMS (SCO-540)**

**PURPOSE**

The purpose of the Long-Term Obligations and Related Items Form (Exhibit 27.20.40-A) is to record all changes in long-term obligations and related items from the prior year for proprietary, pension/investment/private purpose trust funds and component units. In addition, the SCO-540 is used to identify the current portion of the long-term obligations and related items.

When applicable, this form must be completed annually and sent to the Comptroller's Office as part of the year-end reporting package. Two copies should be retained by the agency: one to provide an internal record, and one for the Auditor General or his representative.

**GENERAL**

The Long-Term Obligations and Related Items form should be completed in the WEDGE system for all Proprietary Funds and should be completed manually for all Pension Trust Funds, Private-Purpose Trust Funds, Investment Trust Funds, and Component Units with long-term obligations and related items. Form SCO-540 begins with the balance of long-term obligations and related items at the beginning of the year and records all increases and decreases during the year to long-term obligations and related items. In addition, this form is used to identify the current portion of the long-term debt and related items.

All amounts reported on this form must be rounded to the nearest thousand. Where a line or column does not apply, leave it blank.

CONTENTS

When the revenues from a fee are used for multiple programs, the information for each program should be entered as a separate record. After the information is entered for each program, click the “Add Record” button to clear the screen and allow the new program to be described.

- (10) Go to the “Rates” screen. Describe the basis for determining the fee rate. If not set by statute, specify the methodology used to determine the fee rate. Enter the rate classification describing how the fee is levied (e.g., per license issued, per credit hour) and, for fees with multiple rates, the class to which the rate applies (e.g., rate for seniors 65 and older, rate for vehicles 8,000 lbs. to 12,000 lbs.). Enter the number of people who were charged the fee. Indicate whether the fee is in dollars, or is a percentage of spending. Lastly, enter the fee rate.

- (11) Go to the “Deposits” screen. A separate record needs to be completed for each SAMS receipt account (an account has a unique fund, class, and source number). For each receipt account receiving fee revenues, enter (a) the four-digit SAMS fund number; (b) the SAMS revenue class code; (c) the SAMS revenue source code; and (d) the SAMS receipt subsource code. The codes are available through drop down boxes. For each such record, enter the amount deposited during the applicable fiscal year.

If a fee is deposited into multiple receipt accounts, use the “Go to Add Form” button after all the deposit information has been entered for a receipt account to allow the information to be entered for the next receipt account. The “Next” and “Previous” buttons allow movement between deposits for a particular fee.

An example of the “Deposits” screen is on the following page.

Round up to enter dollar amounts. The system does not accept cents.

**PURPOSE**

The purpose of the Public Accountability Report (PAR) is to provide information on the service efforts, costs, and accomplishments of state agencies and universities and their major programs. This report is to be submitted annually to the Illinois Office of Comptroller (IOC) as part of the year-end reporting package. The PAR is due to the IOC by December 15.

The IOC has developed an Internet-based reporting system for collecting data from state agencies and universities. The reporting system is available through the Comptroller’s Public Accountability Report Portal.

**GENERAL**

The Public Accountability Report is consistent with expectations and other reporting requirements regarding performance measurement already existing in Illinois state statutes. The Fiscal Control and Internal Auditing Act (30 ILCS 10/1001, *et seq.*) requires controls to ensure “resources are utilized efficiently, effectively, and in compliance with applicable law.” (30 ILCS 10/3001(1)) It is not possible to demonstrate efficiency or effectiveness without appropriate measures of efforts, costs, and accomplishments. Additionally, the Civil Administrative Code of Illinois (Part 2) requires “an annual accountability report” from each department of state government listed in 20 ILCS 5/5-15. (15 ILCS 20/50-15)

As stipulated in Public Act 86-1415 (15 ILCS 405/6.01), effective September 11, 1990, the Comptroller is responsible for defining financial reporting requirements for Illinois state agencies:

*The Comptroller shall specify and establish the financial accounting and reporting standards and principles to be used by all State government and State agencies.... These standards and principles shall be known as the Generally Accepted Accounting Standards and Principles for Illinois State Government, and shall, whenever possible, be compatible with any similar nationally existing generally accepted accounting standards and principles for government.*

Performance measures and results shall be posted on the Comptroller’s website. (15 ILCS 20/50-25)

The core mission of the IOC is to provide quality fiscal information. It is the position of the IOC that fiscal information that consists solely of *financial* information is lacking an acceptable level of quality. Such financial information must be coupled with *non-financial* information (i.e., information on service efforts and accomplishments) if the financial information is to be meaningful.

The Governmental Accounting Standards Board (GASB) is the highest source of accounting and financial reporting guidance for state and local governments and retains ultimate authority over all external financial reporting by governmental entities. GASB’s Suggested Guidelines for Voluntary Reporting of Service Efforts and Accomplishments (SEA) Performance Information “are intended to help state and local governments that choose to communicate SEA performance information to citizens, elected officials, and other interested parties to do so effectively. . . . The reporting of SEA performance information better meets the needs of users of governmental financial information by enhancing both accountability and transparency of those governments who choose to report this information.” (GASB News Release, July 14, 2010)

GASB’s Suggested Guidelines are a useful reference for preparing an agency’s PAR. This guidance includes the characteristics that agencies should strive for in performance data: relevance, understandability, comparability, timeliness, consistency, and reliability. Criteria for indicators and other useful information can be found in Elements of SEA Reporting and Related Information on GASB’s website at [http://www.seagov.org/concepts\\_statements/elements.shtml](http://www.seagov.org/concepts_statements/elements.shtml).

In general, the IOC does not establish the performance indicators, measures, or standards for an agency’s PAR. State agencies are typically expected to develop valid and generally accepted SEA-type indicators for approval by the IOC, which may advise and direct agencies on reporting for specific programs or services; gather the data required for the indicators; and report performance results in the form prescribed herein. It is assumed that a significant amount of information is already available for reporting using the SEA model based on the statutory provisions and requirements previously cited.

Agencies should not intermingle SEA-type information from different programs or services, but should prepare separate reports for each distinct agency function, program, or service being reported.

Agencies should also be able to substantiate their reports by maintaining adequate and appropriate documentation to support their mission statements, goals, objectives, and performance measures. This would include such elements as statutory or other authoritative sources for programs, mission statements, goals and objectives, definitions of performance indicators and data, the data collection and reporting process, the data storage and retrieval environment, etc.

**REPORTING DATES**

State agencies and universities report SEA information annually to the IOC, as prescribed in the following instructions, according to the schedule below:

By **September 15**, agencies and universities submit for the approval of the IOC a list of all programs that have been modified since the most recently published PAR. Agencies and universities will also submit for the approval of the IOC a list of any modifications or additions in specific performance measures (input indicators, output indicators, outcome indicators, efficiency indicators, and external benchmarks) that the agency proposes for each of the programs to be included in the PAR. Prior fiscal year indicators are only allowed to be deleted at the discretion of the IOC. (This information is to be submitted on a worksheet provided by the IOC. See Exhibit 33.20.20-A.

By **December 15**, agencies and universities submit their final SEA data to the IOC using the PAR Portal on the IOC website.

Failure to submit these reports by the deadlines could result in a delinquency letter to the Office of the Auditor General.

## **INSTRUCTIONS**

State agencies and universities should use the online PAR Portal on the IOC website, <https://pareporting.illinoiscomptroller.gov/login>, **Error! Hyperlink reference not valid.** for reporting SEA information. Information requested is as follows:

- 1) Agency or University: Indicate the name of the agency or university, department, board, or commission submitting the report.
- 2) Program Name: Identify the program under which the performance data are grouped or classified.
- 3) Source of Funds: Identify the state fund or funds supporting the program or service.
- 4) Statutory Authority: Cite the statute from which authority is derived for the program and its mission and goals.
- 5) Mission Statement: Provide a general statement of the program's purpose and reason for being as derived from its origin (statute or other authoritative source). A mission statement should define what the program aims to do, why, and for whom.
- 6) Goals: Provide broad, but clear statements of intent that project the general outcomes the program was designed to accomplish. Goals anticipate the outcome indicators (see below) but are not as specific or measurable.

- 7) Objectives: Provide specific measurable objectives in support of the goals that describe the end results that a service or program is expected to accomplish in each time period.
- 8) Performance Indicators: The report form provides for definition of performance indicators and reporting of performance data. First, indicate the specific performance indicators for each category of indicator (input, output, outcome, etc.). Then, provide the specific data for each performance indicator for each year applicable. Also report the targets that were set for each indicator for the current fiscal year and establish targets for the ensuing fiscal year. The categories of indicators include:

**Measures of Accomplishments**

- 9) Input Indicators: These are measures of the financial and non-financial resources applied in providing services (e.g., total expenditures, total appropriated expenditures, full-time equivalents, etc.). All SEA reports should identify at a minimum the total dollar value of resources provided to the program or service being reported.
- 10) Output Indicators: These are measures of the number of units produced or services provided by a program (sometimes referred to as activity or workload measures). They are measures of the quantity of the work produced (e.g., the number of students enrolled or clients served, the number of projects completed, etc.).

**Measures of Efforts**

- 11) Outcome Indicators: These are measures of the results achieved, at least in part, because of the services provided (e.g., percent of lane-miles of road maintained in a certain condition, the change in students' test scores, level of customer satisfaction, etc.).

**Measures Relating Efforts to Accomplishments**

- 12) Efficiency Indicators: These are measures of the cost per unit of output or outcome (e.g., cost per lane-mile of road repaired, cost per student graduated, etc.).

**Other Measures**

- 13) External Benchmarks: For comparative purposes, a program's outcome and efficiency indicators should be presented, where possible, in conjunction with similar measures of a comparable program, a regional or national average, or an established industry or federal standard. These measures should come from an authoritative source.

- 14) Explanatory Information: Provide any explanatory information that helps clarify the specific performance information reported. Particular emphasis should be placed on outcomes. Agencies that claim “cost savings” or “jobs created” may use this part of the report to present their methodologies for making those calculations. Other types of explanatory information might include:
- Environmental, external, or other factors that can influence performance or help explain the context for the reported performance, including factors over which the agency has little or no control (e.g., demographics) and factors substantially within the control of the agency (e.g., staffing patterns);
  - The limitations of the performance measurement system or specific performance measures;
  - Information that comments on or helps explain the specific level of performance; and
  - Information on actions that may alter or affect performance in the future.
- 15) Agency Narrative: Provide a brief narrative comprised of:
- a) A summary table of all the agency’s programs with their associated expenditures and average monthly staffing, summing to the totals of the agency as a whole;
  - b) A brief description of the agency’s mission; and
  - c) A brief description of the agency’s key programs and performance.
